

Founded in 1978, the Northampton Center for Children & Families has embraced children and their families with safety, respect, and care, providing the highest level of clinical expertise in working with families across diverse cultural, socio-economic, and ethnic backgrounds.

Our unique wraparound approach to working with families incorporates the values of:

- Family Voice and Choice
- Cultural Competency & Sensitivity
- Needs Driven & Strengths-Based Approaches

About NCCF

Who We Serve

NCCF is a **therapeutic group care program** serving children and adolescents ages 6-18. Our program provides individual treatment plans, counseling, occupational therapy, and behavioral structures for children and youth.

Family involvement is considered essential to the program's success.

Nestled in a serene, historic residential neighborhood, the program attributes include charming group living spaces and a friendly and caring environment to support youth and families.

What to Expect

Small Group Living Environment:

- 6 youth per house
- 3:1 staff to youth ratios
- Total of 18 youth on campus
- Social and recreational activities

Individualized treatment plans that include:

- Weekly individual and family therapy (more frequently if needed)
- DBT informed residential and clinical services tailored to each youth's specific needs and goals
- Family-focused, strength based team approach
- Occupational therapy services

Friendly, caring environment for youth and families:

- Frequent family visits and home time.
- Family participation in campus activities and events

Therapeutic Support

NCCF integrates trauma-informed care throughout the program, as well as state -of-the-art Occupational Therapy (OT), Clinical, and Dialectical Behavior Therapy (DBT) services. Our programs are **trauma-responsive**, integrating an advanced understanding of neurological and developmental needs that inform our therapeutic environments and curated treatment plans. We also offer post-residential services.
